Golf Etiquette

1. Always be ready to hit in turn. Plan club selection while approaching your ball or waiting for others to hit.
2. Let faster players play through if there is an open hole ahead.
3. Player whose ball lies closest to the hole attends or removes flag. First to hole out should be ready to replace flag.
4. To speed play, putt out, rather than marking ball. Leave putting green immediately after holing out. Record score on route or at next tee.
5. Do not move, talk, or stand close to ball, hole or in line of putt when a player is making a stroke.
6. Rake footprints in sand traps.
7. Repair ball marks on greens and fairways.
8. Do not scuff shoes on greens.
9. Stay on cart paths when indicated.
10. Cell phones are to be silenced during play.
