Definitions

Club Championship: Gross and Net scoring. Pays minimum three flights.

Scramble: Play from the best shot in your group.

4 Women Scramble: Must use at least one drive from each player per 9 holes. Teams will be established by handicaps.

2 Women Best Ball: Strokes taken as they fall on score card. Lowest score of the team is the BEST BALL score.

Licorice Rope: Each team will receive ONE licorice rope. You may use that rope on the green to put a “short putt” in the hole. Measure the distance from the ball to the hole then rip that amount of licorice off the rope. That would then count as if the ball had actually gone in the hole instead of being short. *You cannot reuse the licorice.*

Red, White, & Blue: Each player tees off from the following tee boxes:

Par 5's – Blue
Par 4's – White
Par 3's – Red

Throw Out: At the conclusion of play, each player is allowed to reject their three worst holes. Winner is player with lowest score for six holes.

Mulligan: Each team will receive ONE mulligan per hole which may be used on the green to make up for the four missed putts ya'll did already. Only 1 extra putt per mulligan!!!!
